

## BP Cherry Point and the Contractor Safety Council

Thomas D'Angelo – BP Cherry Point Refinery  
Frank Capristo – Matrix Services

Oct. 26<sup>th</sup> 2016

## What is the CSC?

- Founded at Cherry Point in 1992
- Open forum for contractors to discuss health and safety matters at the refinery

## Monthly Meetings

**The agenda typically includes:**

- Summary of safety performance for the site
- Safety success stories and review of incident reports
- Comments from BP representatives
- New training resources
- Review of site inspections performed by contractors
- Recognition program (employee of the month)
- Welcoming new contractors on site

## Structure

- Chair & Co-Chair
- Sub-Committees
  - Welcome Wagon
  - Safety Surveys and Walkabouts
  - Training
  - Safety Recognition

## Successes

- Trust
- People

## Challenges

- BP's Expectations
  - “I will report all near misses and incidents”
- Policies and Procedures
  - “I will follow all applicable policies and procedures”
- Correcting negative safety trends
- New companies to the site
