Let's Do Something

Together

- **Fall Protection- Why?**
 - Falls — 384 out of 991 total deaths in construction in CY 2016 (38.7%)
 - Struck by Object - 93 (9.4%)
 - Electrocutions - 82 (8.3%)
 - Caught-in/between* - 72 (7.3%)
(*This category includes construction workers killed when caught-in or compressed by equipment or objects, and struck, caught, or crushed in collapsing structure, equipment, or material)
-
- **Eliminating the Fatal Four would save 631 workers' lives in America every year**

Fall Arrest Equipment

Why Waist Belts Are Not Safe

If you fall, the high force of the fall is concentrated at your waist rather than the 6 points of a full body harness.
